Enrollment Records Topple As Schools Open New Term

A record 3311 students were enrolled Monday in nine township elementary schools and Washington Union High School, an increase of 270 over last year's first day figure. Late registrations are expected to further swell the enrollment to an astounding 3,675, almost 1,125 more than were registered two years ago.

Washington Union High School registered 645 students during the September 12 opening. The figure shows no substantial increase over last year's registration. However, District Superintendent J. V. Goold said another 30 to 40 students may come in late.

The enrollment, when broken down into the four classes shows that 178 freshmen, 173 sophomores, 161 juniors, and 133 seniors are in attendance. Girls numbered 317 and boys 330.

DECOTO LEADS

Decoto again led the elementary schools with 525 pupils and 52 kindergarten children reporting for classes. This is an increase of 42 over last year, and about 140 are expected to register late.

The Niles Elementary School was second with 493 regular pupils and 52 signing for the kindergarten, a slight increase over the 1947-48 school year.

Newark enrolled 319 pupils and 45 for kindergarten. This is an increase of 29 over last year's first day figure. Because of overcrowded conditions, the kindergarten is being conducted at the Youth Center building.

Nearly 335 registered the opening day at the Irvington Elementary School for grades one through eight. For the kindergarten, 40 were enrolled. This is a jump of 25 over the previous year.

Centerville Elementary School enrolled 320 pupils and 35 kindergarten children. The figures show an increase of 20 for the first eight grades but included a drop of seven for the kindergarten.

SAME ENROLLMENT

The Alvarado Elementary School just held its own when its enrollment equalled last year's: 200 regular pupils and 20 kindergarten children.

Other township elementary school enrollments were: Warm Springs, 88; Mission San Jose, 81; and Alviso, 80. The Alviso Elementary School equaled last year's enrollment. Warm Springs enrolled 17 and Mission San Jose 19 more than last year's figure.

LAURA LOMA WINS PARADE AWARDS

A special award was given to the entry of Laura Loma Parlor in the parade at San Jose on September 9. The committee in charge of the local parlor's entry—Irene Bales and Mary Fields—procured an automobile of old vintage with Jimmy Daman as chauffeur and Erleene Zimmerman dressed in beautiful old time dresses, most of which were loaned by Mrs. James Whipple, they proudly entered the parade, and were thrilled at receiving the award.

POP BOTTLE 'POPS'; INJURES WOMAN

A bottle of soda pop that really popped caused great consternation—not to mention considerable pain—to Mrs. Gertrude Collier of Niles this week.

Mrs. Collier, proprietor of "Collier's Highway Inn," was unloading a case of soda water to place in the refrigerator when the bottle suddenly exploded right in her face, the jagged glass causing a severe laceration on her chin, necessitating medical attention and several stitches.

"It's caused me considerable pain," said the unfortunate woman, who went on to relate that it is the fourth of a whole series of misfortunes. Her husband died, then her 28-year-old daughter died. This was followed by a freak accident that sent a car hurtling into the side of her inn, causing considerable damage. And this was followed, in turn, by the bottle explosion of this week.

"It's all making me very nervous," said the distraught woman, "I'm wondering now — what next!"

MAIN STREET IN NEWARK LOSES BATTLEFIELD LOOK

Newark's main street lost its shell-marked battlefield appearance this week as construction crews removed countless barriers and piles of rubble from the street, marking the partial completion of the preliminary work of the Thornton Avenue resurfacing project.

Huge holes had been opened in the concrete road and for the past three weeks cars were forced to dodge in and out between the holes and piles of rubble that littered the road.

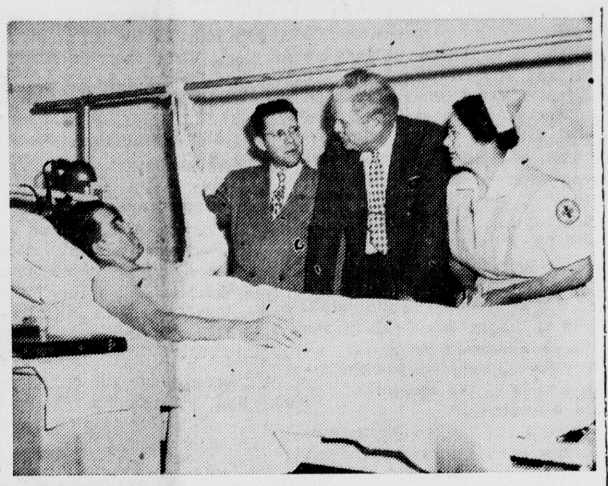
All that was lacking to make the battlefield analogy complete was a jeep-load of military police cruising back and forth and a few signs informing travelers that "For the next four miles you will be under shell fire."

Milo Brown, supervising the job of laying new concrete where the old proved faulty, said this week that his sub-contracting crew from the Brown Construction Company of Hayward will not finish the preliminary work until another week or two.

The road is being patched from Dumbarton Bridge approach to the Centerville road, and once this work is completed the Clements Construction Company will take over the remainder of the $150,000 job of widening the road two feet on each side, and covering the widened roadway with asphalt.

Meanwhile, Newark townspeople hope for rapid progress while visiting friends and other travelers missed the bumps and dust by detouring via Jarvis Road or Baine Avenue.

The Past Presidents Club of St. Jude's Institute, Y.L.I. of Irvington will sponsor a food sale to be held at the Leal Building in Irvington on Saturday between the hours of 1 to 4 p.m.



MRS. NORA ROGERS, Nurses' Aide of Niles, is shown at the Veterans Administration Hospital, Oakland, with a patient, the hospital surgeon, Dr. Thomas R. Meagher, and Col. Charles C. Herrick, hospital manager.

Recruiting for more nurses' aides is continuing for the balance of the month. All women in the age bracket of 18 to 50 are eligible to become aides. They may call the Red Cross at TWinoaks 3-5870.

Need for Township-Wide Chamber of Commerce Cited

Representatives from four of the seven Chambers of Commerce of Washington Township met at the California Inn at Centerville on Wednesday evening and laid the groundwork toward the formation of a township-wide Chamber of Commerce.

The meeting was called by the Centerville Chamber and was presided over by President Dallas Paul.

Ralph Goodwin, secretary of the Centerville group, introduced the subject of the combined Chambers. He pointed out that Supervisor Chester E. Stanley had given reasonable assurance that if such an organization would be formed here employing a part-time or full-time executive secretary, county financial aid might be made available for the promotion of this section of the county.

President Paul then called on the presidents of the visiting Chambers for comment. Said President John Brahmst of Niles, "Personally, I'm in favor of such an organization. I believe that we should get together to push Southern Alameda County."

Ken Garcia, president of the Decoto Chamber, said, "I'm here to get information—I think it is a good idea."

Allan Hirsch, vice-president of the Irvington Chamber, had this to say, "Irvington is for cooperation as long as it is on a township basis."

PLANNING COMMISSION DEAD

Fred Rogers, member of the Centerville Chamber, said, "It has its advantages. Years ago we planned to pick so many members from each Chamber for the single reason that if we have some company that wants to come into the township we could help that organization to locate here. That same need exists today. Let's not let them locate out of the township. Wherever a business locates it will help all of the township."

Charles Wauhab of Centerville traced instances where lack of cooperation between communities have proved a detriment to those same communities. He stated that participation in the proposed organization should be limited to Chambers of Commerce.

A. E. Alameda, Irvington, stated, "I appeal to each of you to give this project a lot of thought."

Erle Hygelund, Centerville, said, "Our post-war Planning Commission is a dead issue and we have a definite need for such a township-wide Chamber of Commerce.

TO NAME DELEGATES

At the conclusion of the discussion it was recommended that each Chamber appoint three members to meet together at a future date to work out the details of formation toward the organization of such a combined Chamber of Commerce.

The only Chambers of Commerce of the township which were not represented at Wednesday's meeting were Newark, Alvarado and Warm Springs.

ANNUAL FETE FOR NILES FIREMEN

WILL EXTEND NILES R.F.D. ROUTES OCT. 1

The homes which will begin receiving R.F.D. service are located along Morrison Canyon, Morrison Avenue, Orchard Road and Jones Way.

Authorization from the Post Office Department in Washington was received by Postmaster Enos Wednesday, allowing for the increase in service.

Enos stated at present the local R.F.D. serves 526 boxes and 717 families. With the new additions about 566 homes and 757 families will be served by the route emanating at the Niles post office.

FARM CENTER MEET SHIFTED TO MONDAY

The meeting of the Washington-Eden Farm Bureau Center, originally scheduled for Tuesday, September 20, has been set ahead to Monday evening to afford the members the opportunity to attend the important meeting scheduled for Tuesday by the U. S. Army Engineers for a discussion of the water problem here.

In making the announcement, Manuel Abreu, chairman of the local farm center, stated that it is of greatest importance that all members of the agriculture organization plan to attend both the Center meeting Monday evening in the high school cafeteria and the water meeting Tuesday evening in the school auditorium.

WANT TO GET ACQUAINTED . . . HAVE FUN!

* * * * * * * * *

JOIN THE FOLK-DANCING GROUP IN NILES

New residents of the township, old residents of the township, and anybody who wants to have fun, here is an invitation for you. You are invited to attend the beginners' class in folk-dancing to be held at the auditorium of the Niles Grammar School every Friday evening from 8 to 10:30, beginning Friday, Sept. 23.

The Alvarado folk-dancing group will meet next week, September 20, and the Promenaders of Irvington on September 22.

Folk-dancing, which has become such a popular form of recreation in America in the last two or three years that it threatens to rival even that old American pastime of baseball in popularity, is as popular in the township as in any place else in the country. There are already two very active groups in the township, Irvington and Alvarado. Mission San Jose, also, had a very active group last year.

The Niles class, as the others, will be under the supervision of Mrs. Frances Mara, who has done such an excellent job of promoting folk-dancing here in this area. She is an accomplished folk-dancer and a member of folk-dancing federations in the bay area.

There is no age limit for folk-dancers. Many of the best dancers are those well past the "life begins" age. There is no charge or enrollment fee, either, as the class is under the sponsorship of the adult school education program of Washington High School.

Folk-dancing is not only considered an ideal way of relaxing and having fun, but it provides an opportunity for newcomers in the community to get acquainted.

Sept. 20 Water Meet Critical to Township, Says District Head

It may seem ironical to some people that, at a time when most farmers are concerned with water shortage, a meeting should be called next Tuesday, Sept. 20, at Washington Union High School, to discuss flood control.

However, the correction of water shortages is definitely allied with conserving flood waters. There are a number of other considerations that make next Tuesday's meeting of vital concern to everyone in Washington Township.

We have asked President W. D. Patterson of the Alameda County Water District to explain the importance of the meeting, his statement follows:

Sept. 15, 1949

The Editor, Sir

You asked me today about the meeting to be held before the Army Engineers and the type of information that they will want for the meeting to be held next Tuesday. It is as follows: There was a previous hearing held before the Army Engineers at Alvarado, concerning the control of floods in that and other areas. At that time they judged that the damage done by floods was not great enough to warrant the construction of works for the control of these overflows, and particularly in view of the expenditure thought necessary at that time, which amounted to over a million dollars.

It seems, though, that conditions have changed very materially since that time and the discussion will be directed mainly toward showing the greater damage that would be inflicted if such floods occurred now.

It may be, also, that in view of the efforts to have reservoirs built in the tributaries of Alameda Creek under the authority of the State and County, that the holding back of such waters by reservoirs will make the problem of flood control less costly than was considered necessary previously.

The matter of greatest difference, however, is that of the greater value of the winter crops now raised as compared with the ones before the intensive cultition now existing. These crops are planted at such a time as to bring many of them into a critical period of growth during the winter season and, therefore, if a flood occurred, as it has in the past, covering sometimes thousands of acres of farm lands, the majority of these crops would be ruined by such flooding.

The result would be the loss not only of the expected profit, but of the entire amount of the planting costs. The costs for these specialty crops often runs into hundreds of dollars per acre. As this might involve many thousands of acres, the damage would be far beyond what it would have been in the previous years when sugar beets, tomatoes and such summer crops were raised much more extensively.

The Army Engineers are restricted by law to considering only flood damage and related subjects in these investigations, so it is best that the discussion be restricted as much as possible to such matters.

We hope that all of the people who may be threatened by flood damage will feel free to put their problems before the Engineers at this coming meeting, and as much as possible be ready to back up their statements with facts and figures from their own experience.

This meeting has been arranged largely through the efforts of Senator Downey in co-operation with our Board of Supervisors, and we hope that there will be a large attendance present.

Very truly yours,
W. D. PATTERSON,
President Alameda County Water District

MEN'S CLUB MEETING SET FOR OCTOBER 6

President E. E. Enos has announced that the next meeting of the Washington Township Men's Club will be held at the International Kitchen at 7 p.m. Thursday, October 6.

RENEW CAMPAIGN FOR NEW SANITARY DISTRICT AT NILES

Dissension of some property owners toward the formation of a sanitary district near Niles failed to dim the hopes of the majority of the residents of the area Tuesday evening at a meeting held at the courtroom in Niles.

Some 55 property owners attended the meeting and voted to change boundaries of the proposed district, omitting the land owned by those persons who do not favor the establishment of a district to be annexed to the Union Sanitary District.

WILL MAKE NEW SURVEY

Maps of the revised proposed district are now to be drawn and will include Canyon Heights, Ellsworth Tract and property along Fremont Avenue to Santos Road. Dropped from the originally proposed district were undeveloped and sparcely populated areas.

Jack Parry, who presided over the meeting, stated that as a result of Tuesday night's decision, new petitions will be drawn up and another meeting will be called before they are circulated for signatures.

In the meantime new figures on the cost and necessary taxation on the scaled-down area will be worked out.

ATTORNEY HERE

Leon Clark, Oakland attorney and counsel for the sanitary districts of Washington Township, spoke briefly to the group, outlining the necessary legal procedure to be followed in setting up a district and annexing to another district.

SCOUT AGE LIMITS DROP THIS MONTH

Entrance age requirements for all programs of the Boy Scouts of America dropped one year effective this month, according to Marlin Haley, chairman of the Southern District Boy Scouts.

Cub Packs over the nation are accepting eight-year-old boys for the first time in the history of the Boy Scouts of America. Eleven-year-old boys may now join a Boy Scout troop. A limited number of openings exist in almost all cub packs and Boy Scout troops.

Plans are underway to organize new Cub Packs, Scout troops and Explorer posts throughout the district to meet the desires of a whole new age group for the scouting program. The change in age requirements was voted at a meeting of the National Council of the Boy Scouts of America held in Boston last May.

Selected organizations throughout the district will be asked to start new Scouting units or add to their youth programs to meet the current need of serving boys in the area.

Questions regarding the new requirements should be directed to the local field office of the Southern District in the City Hall, Hayward, or to the local Scouting Commissioner.

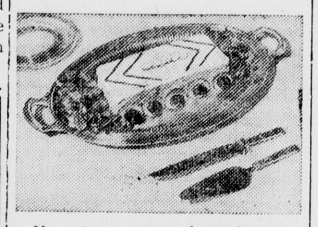
HINTS FOR HOMEMAKERS

WHY NOT VARY YOUR CHICKEN MENU

by the HOMEMAKING SPECIALISTS of the *General Electric Consumers Institute*

Did you ever stop to wonder whether that old Sunday standby—roast chicken—is boring your family to death? Well, stick to chicken by all means. But vary the routine.

There are lots of exciting ways to prepare chicken, and every one is guaranteed to make the family come back for seconds. So try these suggestions from the General Electric Consumers Institute.



If you've ever tasted Chicken Cacciatore, you know why Italians go into such raptures over it. You will, too—especially when you find how easily it's prepared by this recipe.

Chicken Cacciatore

Tested by the G-E Consumers Institute

- ⅓ cup shortening
- 1 3-pound frying chicken, cut in pieces
- 1 medium onion, thickly sliced
- 1 large green pepper, cut in ¼-inch strips
- 1 clove garlic, peeled and minced
- 1¾ cup drained canned tomatoes
- ½ cup canned tomato sauce
- 2 tsp. salt
- ¼ tsp. pepper
- ¼ tsp. all spice, ground
- 1 bay leaf
- ¼ tsp. thyme, leaf
- Dash Cayenne pepper

Melt shortening in 10-inch skillet. Arrange chicken in skillet. Fry until golden brown on all sides.

Place chicken to one side in skillet. Add onions, green pepper and garlic on other side and brown lightly. Redistribute chicken, green peppers and onions in skillet.

Combine tomatoes, tomato sauce and spices. Add to chicken. Simmer covered for 30-40 minutes or until chicken is tender. Serve chicken with sauce poured over it. Makes 4 to 5 servings.

Or, if you are having a buffet supper or luncheon, why serve your guests the staid old chicken salad? Give them a treat with Party Chicken Mousse.

Party Chicken Mousse

Tested by the G-E Consumers Institute

- 2 egg yolks, well beaten
- 1 cup chicken broth
- ½ tsp. salt
- ¼ tsp. paprika
- 1 envelope (1 tbsp.) unflavored gelatin
- ¼ cup water
- 1¼ cups coarsely chopped cooked chicken
- ⅓ cup toasted almonds slivered
- 1 tsp. horseradish
- ½ tsp. Worcestershire sauce
- 1¼ cups whipping cream
- Yellow food coloring
- Watercress
- Curly endive
- Cucumber flowers
- Ripe olives
- Radishes

Combine egg yolks, broth, salt and paprika. Cook over low heat stirring constantly until smooth and slightly thickened (about 15 minutes).

Soak gelatin in water 5 minutes; dissolve in hot mixture. Cool until slightly thickened. Add chicken, almonds, horseradish and Worcestershire sauce.

Whip cream; fold into chicken mixture with enough food coloring to tint a delicate yellow. Pour into loaf pan, 9 x 5 x 3-inches, which has been rinsed with cold water. Place in refrigerator; chill until firm (about 2½ hours).

Loosen loaf from sides of pan by running dull-edged knife around the loaf. Unmold on platter; garnish with watercress, curly endive, cucumber flowers, ripe olives and radishes. Makes 8 servings.

The English may have originated dumplings, but we Americans enjoy them, too, especially when served with tasty Stewed Chicken. Here's how to do it.

Stewed Chicken with Dumplings

Tested by the G-E Consumers Institute

- ¾ cup sifted all-purpose flour
- 1 tbsp. salt
- ⅛ tsp. pepper
- 1 4-pound stewing chicken cut in serving pieces
- ½ cup shortening
- 2¼ cups water

Mix flour, salt and pepper. Dredge pieces of chicken with this mixture.

Melt shortening in large skillet; add pieces of chicken; brown on all sides (about 15 minutes). Place pieces of chicken on trivet in pressure cooker.

Drain shortening from skillet, leaving 3 tablespoons in skillet. Add 1¼ cups water to skillet; scrape brown pieces from bottom of skillet. Pour water mixture into pressure cooker. Add 1 teaspoon salt and 1 teaspoon celery salt. Cover; cook at 15 pounds pressure for 20 minutes. Cool by placing pressure cooker immediately in cool water. Remove pressure cooker lid. Return cooker to range.

Prepare Dumplings and have ready to put into chicken when pressure cooking is complete.

Add ½ cup water to ¼ cup flour gradually mixing well with a fork to make a smooth paste; add to chicken and bring to boil.

Dumplings

- 1½ cups sifted all-purpose flour
- 2 tsp. baking powder
- ¾ tsp. salt
- ⅛ tsp. sage
- 1 tbsp. chopped parsley
- ¾ cup milk

Sift flour, baking powder and salt together into mixing bowl. Add sage and parsley and mix thoroughly.

Add milk and stir enough to mix thoroughly. Drop dough in 6 to 8 portions onto chicken in pressure cooker. Cook uncovered 10 minutes. Cover with tight-fitting non-pressure lid. Cook 10 minutes longer. Serve immediately. Makes 6 to 8 servings.

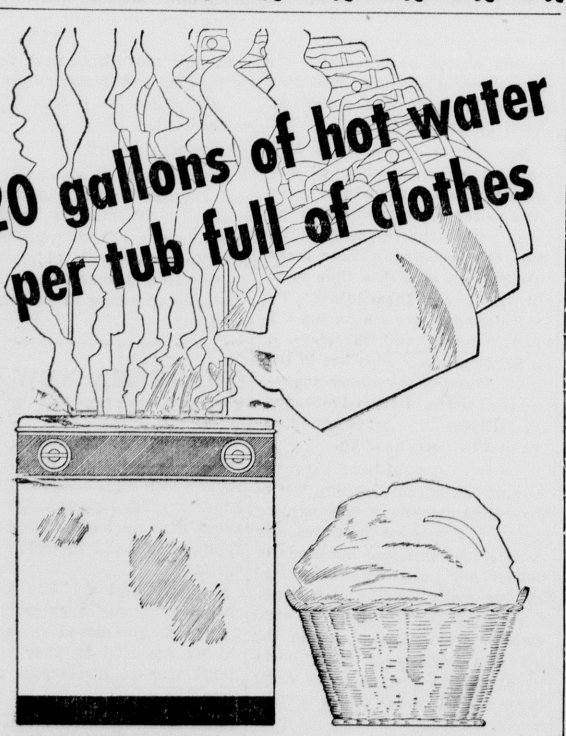
20 gallons of hot water per tub full of clothes



To wash clothes fresh and clean takes plenty of hot water. In fact, it takes 20 gallons of hot water to wash and properly rinse a single tub full of family wash. That is why size is important in a water heater. There must be a reserve supply of hot water for kitchen and bathrooms too. And hot water costs less per gallon when you use a full-size water heater. You'll be happier and save money with a water heater that fits your needs for hot water.

SIZE IS IMPORTANT in water heaters and here's why:

Bath-tub requires 10 gallons
Shower . . " 7 "
Hands and face per person " 1 "
Dishes . . . " 4 "
Washing Machine . . " 20 "

SURPRISE SHOWER

Last Sunday afternoon in El Cerrito at the charming home of Mrs. Shirley Castell, Mrs. Colleen Justus, the former Miss Jibson of Niles, daughter of Mr. and Mrs. Bill Jibson, was tendered a surprise baby shower for her second coming addition to the H. B. (Buddy) Justus household. Friends met at 2 o'clock and then Colleen was sent for and was very much surprised to find all the lovely things and a beautifully decorated table with a large stork centerpiece and an array of luscious food and nicest of all of a white, pink and blue cake with "Boy? or Girl?"

Games were enjoyed by the group and following the opening of the tiny things, refreshments were served to the following: Joy Munn, Jean Oussl, Lou McGowan, and Marie Bicknell, all of El Cerrito; Mary Edith Santos, Mission; Barbara Santos of Irvington, sister of the honored guest; Ruth Santos of Burlingame, sister-in-law; Edna Jibson of Niles, mother; Lois Bottenberg, mom-in-law; Jo O'Brien, Rachael Dunn, Myrt Jibson, the hostess and Colleen.

YOUTH CENTER ELECTION

The Mission San Jose Youth Center held an election of officers last Thursday evening at the I.D.E.S. Hall with Elmo Cunha chosen as president, Rick Meyers as vice-president, Beverly Chambers as secretary, and Donnie Meyers again serving as treasurer. A committee of eight was chosen to serve for a five months' period as decoration committee, refreshments, what kind of a social to have and also as clean-up committeemen. IN SACRAMENTO

Reno DeBernardo, who makes his home with Mrs. Rose Recend, spent a week in Sacramento with some of the family and attended the fair, and upon his return, John Recends, her son, went for his vacation there with his aunt and family.

FAR AWAY VISITORS

Every once in a while it is very good to have friends and relatives come from away off to see you. That is why the Ernest Freis are happy folks (more than usual) for Mr. Frei's nephew, Mr. J. H. Meier of South Milwaukee, Wis., arrived and brought his mother (sister of Mrs. Frei) and J. H.'s sister, Marianna, to visit. This is especially nice for Mr. Frei welcomes the two ladies right from Switzerland. He has not seen them for many years.

HOME AGAIN

The Danny Hill family has returned from their home after spending a ten-day vacation in the valley with his folks. One of the boys was quite ill upon his return home with strep throat. Rachael has gone back to her job at the Masonic Home.

IN GRAND CANYON

Mr. and Mrs. Howard Overacker and son, Guy, and Mrs. Margaret Overacker have returned to their home on the Mill Creek Road following several weeks spent all over the Rocky Mountain area on the westerly side. They visited the Grand Canyon and many points of interest while away.

AT THE FAIR

Mary and George Rodrigues and their daughters, Dorothy and Marilyn, spent two days at Sacramento attending the State Fair.

TWO SURPRISES

Last Wednesday two different surprises happened at the same house on Ellsworth Street. Shortly after eight the home of Tom and Hortense Cunha was a lively place when friends and relatives dropped in on them to help celebrate their twenty-fifth wedding anniversary, and also to wish happy birthday to Elmo Andrade, brother of Mrs. Cunha. The ladies spent the evening in chatting and bingo while the men engaged in a very vigorous game of cards.

One lovely cake with "Happy Anniversary Tom and Hortense" and one with "Happy Birthday Elmo" were served along with the other refreshments during the evening. The lucky couple opened a set of Revere Ware given to them in place of silver by all present.

Enjoying the affair to the fullest were: Grandmother Andrade, Manuel and Mary Dutra of Newark, Henry and Ann Silva, Matt and Mary Silva, Mary Borge, Jackie and Elaine, Frank and Grace Viedt, Donald, Evelyn and Richard Meyers, Ed and Jo Chambers, Elmo and Betty Andrade and son David, Glenn and Lois Bottenberg, Manuel, Margaret and the four little Phillips, Gary Stanley, Sharon and Linda and Mr. and Mrs. Ray Mendonca and daughter Kathleen, and the honored guests.

Good nights were said at a late hour and with "We'll all come in wheel chairs and on our crutches to help you celebrate your Golden one," the guests left, hoping that we all will be here for that event.

HOME SOON

Friends of the Michael Overackers will be glad to hear that Mommie Fern is coming along fairly well following a rush to the Alameda Hospital where she underwent a major operation on Friday. She is expected home in the very near future. The family is in the care of daddy, grandmother Overacker and Aunt Margaret.

GADGET PARTY

Monday evening at the home of the Bottenbergs, 21 friends met to have a hilarious time at a gadget party. Games of several kinds were played under the leadership of the demonstrator, Mrs. Leone Tingey, assisted by her husband, Frank, and another fellow who is learning the line. Those present were Hortense Cunha, Tommy Spaulding, Roe Garcia, Florence Thompson, Mamie Medeiros, Jo Chambers, Grace Vieth, Wini Fernandez, Mary Rodrigues, Lena Griffin, Betty Andrade, Bev Medeiros, Helen Russell, Margaret Phillips, Dorothy Koelsch, and the Bottenbergs. The next party will be at the home of Betty Andrade in October.

IRVINGTON CLUB IN ACTION SUNDAY

The Irvington Merchants, champions of the Hayward Area Winter Baseball League, may be seen in action on the home field Sunday for the first time since the close of league play last spring.

The Irvington lads will be pitted against the powerful Jeffersons, Acme Brewery sponsored club from San Francisco. The Jeffersons, oldest semi-pro organization from the point of service in the nation, two weeks ago gave the newly organized Niles team a thorough trouncing.

Frank Mayer, manager of the Irvington club, said this week that if the club can win the support of fans by means of a good turnout Sunday, more home games will be scheduled.

Last Sunday the Irvington club journeyed to Santa Rose and were downed 12 to 6 by the Rosebuds, a Far West League club.

Sea breezes help maintain summer temperatures in San Francisco at an average of 58 degrees.

HUSKIES OPEN GRID SEASON SEPT. 30

The Washington High School Huskies will open their 1949 football season on the home gridiron on Friday, September 30, against the reserves of Poly Tech High of San Francisco.

The Huskies will play eight games this season, four on the home sod and four away. The remainder of the home games will be S.C.V.A.L. affairs, playing their first league game on the local gridiron on October 21 against Fremont. All of the home games will be played under the lights.

Two of the away from home games, Campbell on October 7, and Los Gatos on October 28, are the only afternoon games on the schedule.

More than 50 hopefuls answered the first call of Coaches Jud Taylor and Clyde Voorhees for the initial grid workout this week.

After losing the bulk of last year's conference champions, the local mentors are faced this season with the task of whipping into shape a complete new squad with a nucleus of but six veterans.

Coach Irving Hird, B squad mentor, has a sizeable but inexperienced group of gridsters to work with, more than 60 calling for uniforms on the first day.

The B squad will play their first game on September 30, meeting the Hayward reserves in a curtain-raiser set for 6:30 p.m.

DEER SCARCE AS SEASON OPENS IN NORTH TODAY

When California's second deer hunting season opens today in the north coastal, Modoc-Lassen and Sierra areas, hunters will find general conditions ranging from fair to poor, say wardens of the Division of Fish and Game.

Last winter's extreme weather, combined with poor range and feed conditions, was blamed for a decrease in deer populations in some areas.

During the month-long open season, two bucks may be taken in the north coastal area, comprising Del Norte, Trinity, and Humboldt counties, and the westerly portions of Siskiyou, Tehama and Shasta counties. A one-buck bag limit is in effect in the Sierra area from Shasta and Plumas counties south to the Mexican border, including San Diego county.

The deepest known place in the Arctic Ocean, a sounding of 17,850 feet, was recorded in March 1927 by Hubert Wilkins.

NILES SPORTSMEN TO HOLD TURKEY SHOOT

The Niles Sportsmen, at their last regular meeting, made plans for a turkey shoot to be held Sunday, November 13, at the Sportsmen's range.

Jack Lilla was named chairman of the shoot, and serving on his committee will be John Fileciano, Jim Damas, Jack Soito, LeRoy Gomes, R. Silveria, Glen Mohn, Joe Miller, Joe Rose, Joe Pine, C. Pine, Art Duarte, C. A. Musgrove, Joe Perry and L. L. Lewis.

Two new members were initiated into the club at the meeting: William C. Campbell of Canyon Heights, and L. Tonnelli, proprietor of the Wesley Hotel.

Musgrove, Joe Dooley and Glen Mohn were appointed as a nominating committee to nominate officers for the ensuing year.

LEAVE ON ANNUAL DEER HUNTING TREK

A caravan of deer hunters, all members of the "Smoke 'Em Up Muse Club" of Newark, left Wednesday for the annual trek to Modoc County in search of game.

The nine members of the club who will spend a week in the rugged mountain country are Louis Caldeira, Joe Caldeira, Harold Caldeira, Joe Milani, Frank Guido, Tony Maciel, Babe Silva, Jim McCullough and Eugene Mentz.

TOWNSHIP REGISTER

WHY THE MISSOURI PACIFIC RAILROAD STRIKE?

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

THE LEADERS of the Brotherhood of Locomotive Engineers, Brotherhood of Locomotive Firemen and Enginemen, Order of Railway Conductors, and the Brotherhood of Railroad Trainmen on the Missouri Pacific Railroad have refused to avail themselves of the peaceful means provided by this Act for settling their disputes. They insist that they be the sole umpire of their own disputes over the meaning of contracts.

There is no Need for Strikes

With all of the available methods for the interpretation of contracts, there is no need for a strike or even a threat of a strike, but the leaders of these railroad unions have ignored the ordinary procedures established by law and insist upon imposing their own interpretations of their contracts by means of a strike.

The wheels have stopped rolling on the Missouri Pacific. They may stop rolling on other railroads at any time. Recently the Wabash Railroad was forced to discontinue operation for several days under similar circumstances.

What are These Strikes About?

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

"... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act. . . ."

Obviously the railroads cannot be run efficiently or economically if the leaders of the unions ignore agreements or laws.

Provisions of the Law which are Disregarded

There are five ways under the Railway Labor Act to settle disputes over the meaning of contracts:

1—Decision by National Railroad Adjustment Board.
2—Decision by System Adjustment Board for the specific railroad.
3—Decision by arbitration.
4—Decision by neutral referee.
5—Decision by courts.

The Missouri Pacific Railroad has been and is entirely willing to have these disputes settled in accordance with the requirements of the Railway Labor Act. Regardless of this fact, the union leaders have shut down that railroad.

Innocent Bystanders Suffer Losses and Hardships

There are about 5,000 engineers, firemen, conductors and trainmen on the Missouri Pacific. They are known as "operating" employes, and are the most highly paid of all employes on the nation's railroads, but their strike action has resulted in the loss of work to 22,500 other employes of the Missouri Pacific. In addition, they have imposed great inconvenience and hardship upon the public and the communities served by that railroad.

The Railway Labor Act was designed to protect the public against just such interruptions of commerce.

If these men will not comply with the provisions of the law for the settlement of such disputes, then all thinking Americans must face the question, "What is the next step?"

DECOTO DISCUSSION GROUP IS ENTERTAINED BY MISS OLIVE HYDE

By ETHEL AVILLA

Miss Olive Hyde entertained guests and members of the Decoto Discussion Group with an annual fall picnic luncheon served in the arbor of her summer home in the Mission on Wednesday, September 7. Guests were Mrs. E. H. Sloan and Mrs. Margaret Scorpiniti.

Following the luncheon Miss Hyde took the group on a tour through the beautiful Spanish type building she has under construction. Then the group returned to the arbor where Mrs. Evelyn Joseph led the discussion of "Bride of Fortune" by Harnett T. Kane.

This novel is based on the life of Mrs. Jefferson Davis. It is also a story of the South's efforts to retain slavery. Jefferson Davis was their president and Varina Howell Davis, the First Lady of the Confederacy. This is a good book and Mrs. Joseph led a most interesting meeting.

The next meeting will be held at the home of Mrs. Dorothy Musick in Niles and the group will read poetry at that time.

Localites on Tour

Don Querner and his fiancee, Georgia Cooper, and her mother, Mrs. Gladys Million of Irvington, are on a vacation trip. Their itinerary includes Nevada and Southern California. They will probably be gone for a week or more.

Lots of 'News' In This Family

With a new car and a new grandchild in the family, Mr. and Mrs. L. R. Freitas of Irvington are sailing way up on the clouds this week.

Their grandchild—their first, by the way—is little Lynne Marie Misener, who was born last Wednesday at the San Jose Hospital. She weighed seven pounds and 12 ounces at birth, and is the daughter of Mr. and Mrs. Jack Misener, also of Irvington.

Mrs. Misener is staying with her parents, the Freitas, for a few days, and Mrs. Freitas is having the time of her life taking care of her grandchild, who, she says, "is a very good baby."

Say you saw it in The Register.

At the Bull Fights

Mr. and Mrs. Joe Viveiros of Niles motored to Gustine last weekend to attend the bull fights, which, they said, provided all the color of the Mexican bull fights "only they weren't allowed to spear the bull." Matadors were imported from Mexico and Spain to thrill the more than 10,000 spectators with their performance with the cape.

None Got Away

Mr. and Mrs. Paul Woodward of Niles, accompanied by their daughter and son-in-law, Mr. and Mrs. Dale Irons of Los Gatos, spent last week-end on a fishing trip up at Kennedy Meadows. Their luck proved to be something to talk about, for they had fish—plenty of them, for three breakfasts.

Return from Trip

Mr. and Mrs. Floyd Dickerson and Marcella Stivers, all of Niles, recently returned from a trip that took them first to Lake Tahoe, then over to Tonopah, down to Santa Barbara and Los Angeles, and finally home. The trip, though a brief one in time, was an extensive one in the matter of mileage, and proved to be altogether enjoyable to all three travelers.

Daughter for Berrys

A new resident for Irvington these days is little Lorin Kyle Berry, daughter of Mr. and Mrs. Kyle Berry. The little lady was born at San Jose Hospital on August 28, weighing 7 pounds and 4 ounces.

Birthday Fun

Little Billy Mann, son of Mr. and Mrs. Lester Mann of Niles, celebrated his fourth birthday last Wednesday in the middle of everything that makes a four-year-old's birthday party successful—mainly lots of playmates and a lot of noise! The highlight of the party was his merry-go-round birthday cake, which was served with other traditional birthday fare.

His guests were Micky and Billy Nordvik, Hal and Jerry Janssen, Jackie and Trudy Kaehler, Leonard and Dennis Martinez, Richard and Arlene Di Giulio, and Pauline Dingacci.

Into New Home

Mr. and Mrs. Paul Merrill and three children have moved into their new home on Jones Way in the Ellsworth Orchard, Niles. Though the home is not completely finished, Mr. Merrill, who has done most of the work on it himself, found it easier to be right there so he can get in more work on it. Their two oldest children are enrolled at St. Mary's of the Palms School in Mission San Jose.

Surprise Greeting

Harry Cesari, who took a business trip to Sonora this week, was surprised to hear someone say to him, 'Hi there, Cesari!" He looked around to see Floyd Magowan, former township man, who is now with the Ford agency in Sonora. He moved up there because of his child's asthma, which, he said, is completely cured.

Nephew Visits

Mr. and Mrs. Lorin Mohn have had as their house guest this week her nephew, Henry Abbas, who has just been discharged from Camp Stoneman after 14 months on the Johnston Islands in the Pacific. He has now returned to his home in Siletz, Oregon.

Bridge Luncheon

Mrs. Frank Katzer and Mrs. Charles Burtch entertained 24 friends at a bridge luncheon held Thursday, September 8, at the P. G. and E. club house in Newark.

Say you saw it in The Register.

Mrs. Talley on Road to Recovery

Friends of Mrs. John Talley of Niles will be very glad to learn that she has been walking without assistance for about a week. She said, laughing, "I'm a big girl now I guess. I can walk alone."

She is recovering from a serious Fourth of July accident that sent her to the hospital with a basal skull fracture. The accident occurred when she and her family were vacationing in Oklahoma. She slipped when she was alighting from her car, and fell into a five-foot concrete ditch. She was flown home, to Niles, and has been under a doctor's care ever since. She took her first motor ride last Sunday when her husband drove her down to Santa Cruz for the day.

Birthday Feted

Little Miss Sandy Lowe, daughter of Mr. and Mrs. William Lowe of Niles, had one of the gayest days of her whole long life of three years last Saturday when she celebrated her third birthday midst a gathering of friends. Those invited for luncheon, which was followed by the ceremony of cutting of the birthday cake, included Mrs. Thomas Jackson and Karen, Judy Hugdel, Gay Comfort, Mr. and Mrs. Howard Rose and children, Mrs. Donald Limas, Mrs. Alvin Rose, George Rose and Shirley Paasch.

Back to South Dakota

Mrs. M. C. Beckers of Rapid City, South Dakota, who has been visiting her parents, Mr. and Mrs. Carl Mohn of Niles, left this week for the return trip home. Accompanying her as far as Auburn were the Mohns, who will stay there a few days to visit relatives.

While there, Mrs. Beckers and the Mohns took a trip up into the northwest, going as far as Portland. They took a side trip to Crater Lake, which proved to be the highlight of their trip.

Home from Vacation

Mr. and Mrs. Clarence Crane and Mr. L. S. Whitaker have returned home from "nine wonderful days" spent motoring in the northwest. They went up as far as Victoria, B. C., and Vancouver, visited in Seattle and Portland, and took in the Oregon Caves and Crater Lake.

THE YOUNGER SET

KAREN BODILY —Stinhilver Photo

Little Karen Bodily, daughter of Mr. and Mrs. Dan Bodily of Niles, is, her mother's friends say, "the most active child" for her age they've ever seen.

Karen is nine months old, and the world is her oyster. She's curious about everything—and into everything. She's been walking since she was eight months old, and crawled at the age of four and a half months, which all goes to show that she's going to make her way in the world.

When we say "She's in to everything" we mean exactly that. She even crawled into the bath-tub—with her clothes on—when her mother was taking a tub shower!

She eats everything, too, including sand, gravel, and cigarette butts!

She loves all other children, but mostly her brother "Skippy," who is three and a half years old.

Karen's grandparents are Mrs. Annie Bodily of Ogden, Utah, and Mr. and Mrs. E. G. Lowe of Gladstone, Oregon.

Mrs. Shinn will Fly to New York

Mrs. Joseph Shinn is making plans for a cross country trip to New York. Leaving by plane next Tuesday, she will be in New York to see Miss Jane Cobb sail for Naples on September 22. Miss Cobb, known locally, as she has visited here, has taken a position with the foreign secretariat.

After visiting in New York, Mrs. Shinn will go on up to Edgartown, Martha's Vineyard, to visit her son, Allen, and his family, prior to their move to Washington, D. C., which is the locale of Commander Shinn's next assignment.

Welcome Home Party For Newark Doctor

After the barbecue, the party motored over to the San Francisco Airport to extend the welcome mat for Dr. John Connor and family who returned from a trip to South Dakota.

ANICETO ROCHE JR. AND BRIDE ON HONEYMOON TRIP TO CANADA

Enroute to Canada for a honeymoon trip this week are newlyweds Mr. and Mrs. Aniceto J. Roche Jr., who were married last Sunday at Holy Ghost Church in Centerville.

The new Mrs. Roche, the former Thelma Santos, is the daughter of Mr. and Mrs. Joseph Santos of Newark.

Escorted down the aisle by her father, the bride chose a white slipper satin gown, with chantilly lace bodice. Waxed orange blossoms and lace were combined in the tiara which held in place her illusion veil. She carried a shower bouquet of orchids and bouvardia.

Preceding her down the aisle was her sister, Marjorie, who wore an ice pink satin gown and carried a bouquet of white roses. The other attendants, in peacock blue satin, were Catherine Viveiros, Dorothy Costa and Marlene Roche. They also carried white roses.

Louis Roche, brother of the groom, did best man honors, and the ushers were Newell Roche, Lionel Roche and Frank Borghi.

Velma Lewis supplied the organ music for the occasion and vocalist was Gertrude Mozzetti.

For her daughter's wedding Mrs. Santos donned a forest green crepe afternoon dress with black accessories; with it she wore an orchid corsage.

A wedding reception was held at the Newark Pavilion, where the bridal couple greeted their many relatives and friends.

For her going-away ensemble, the bride chose an aqua satin suit with black accessories.

Upon their return from their honeymoon, the newlyweds will make their home in Irvington.

The benedict, son of Mr. Aniceto Roche of Newark, is a sergeant in the United States Air Force, stationed at Oakland Air Base.

Items that made the news 20 years ago in the Township

The wells around Centerville, Alvarado and Newark are reported to be extremely low.

* * *

A charge of birdshot from the gun of Manuel Bernardo, Centerville constable, ended a terrifying gun battle in Hayward. Vincent Cataldo, a crazed merchant, shot and killed one police officer and wounded another. He was barricaded in his home for three hours before Bernardo's shot wounded him and caused him to surrender.

Miss Mary Marciel of Irvington was married to August Silveiria of Milpitas at Mission San Jose.

The Rose Garage in Centerville advertised the new Chevrolet Six coach at $595.

The new $40,000 Niles branch of the Bank of Alameda County opened to the public at the corner of Main and I Streets.

ONE CAUSE OF WEAKNESS

To say that all of Britain's ills are due to the socialism practiced over there is nothing short of distortion of fact. Regardless of what political or economic system were employed, the British, after sacrificing their foreign investments and suffering great physical destruction in order to survive in the recent war, would have been in for a rough postwar period.

But, it is equally untrue to say that socialism has nothing to do with the present economic weakness in Britain. Many observers who view the situation objectively are convinced that it has.

A recent article in the London Economist throws light on one phase of the problem. Says the Economist: "The nation's health, according to official reports, is better than it has ever been: yet at the Royal Ordnance Factories absence because of sickness has risen phenomenally in the last 12 months, and in some cases is four to five times higher." The magazine goes on to point out that just 12 months ago a sick-pay plan was adopted which enables "sick" workers to collect their full pay for at least three months.

The result has been—and this has been acknowledged officially — that many people are consciously or unconsciously exaggerating "symptoms such as headache or cough" and are laying off. In other words, why work if you can get paid for not working?

The tragic part of it all is, however, that right now Britian needs the services of every worker. Production and more production is the only salvation for Britain and the workers too. But human nature being what it is, what else can be expected under the circumstances?

THE HOT-ROD MENACE

A Hayward high school student was severely injured this week in a two-car head-on collision on Niles Road, near the intersection of Tennyson Road.

This, of itself, is not sufficient for editorial matter as head-on collisions are, unfortunately, too common to make headlines.

However, the accident was noteworthy in that the boy who was driving the "hot-rod" had a brother who was killed in a hot-rod accident early this year.

One brother killed, another brother severely injured in hot-rod accidents!

Could any incident point out more clearly the need for definite action by the Highway Patrol relative to hot-rods on the highways?

These stripped-down cars are a menace to highway safety, not only because they are driven mainly by immature reckless youths, but because the very nature of the vehicle makes it a hazard.

Thinking Things Over...

By VIVIAN BATMAN

Mell Duffey of Niles dug up an interesting old medicine bottle—with contents complete—from some of the relics left in old 'Doc" Rees' drug store. The "medicine" is called Turtle-ine, "derived from huge sea turtles hundreds of years old and immune to human disease."

The label on the bottle goes on to relate that Turtle-ine is a "rich, powerful adjunct, for disease, wound, weakness, or infection—INTERNAL OR EXTERNAL."

It's used for everything from consumption to flea bites, or mouth wash!

I opened the bottle. The contents had no odor. It looks like water. I'll bet $100 it IS water!

A GENTLEMAN

William Lyon Phelps' definition of a gentleman is "A person who is nice to those who can be of no possible service to him." How many gentlemen do you know?

THWARTED

My best news source is my younger son. But he constantly threatens me with, "Now if you put that in the paper, I won't ever tell you anything else!"

He has an uncanny sense of recognizing a good human interest story. So I am constantly being torn between two decisions: shall I be a good journalist, or a good mother?

So far I have been a good mother by keeping his stories confidential. But I am beginning to crack under the strain!

WHERE WILL IT BE?

What's happened to the county building the township was going to get?

The last I heard, the towns of Centerville and Niles were squabbling over the location of such a building. It is faintly reminiscent of a couple of kids quarelling over who is going to get the larger piece of pie.

If I had anything to do with it, I'd settle the whole thing by giving it to neither Niles nor Centerville, but putting it in one of the other towns — Newark, Irvington, Decoto.

When each of our towns considers the township as a whole, rather than just its own entity, then there will be real progress in this area. But not until then.

But what am I saying? This is entirely out of my department, and the editor is apt to give me the blue pencil on it.

GOOD WORK

Our own Wilda Mette is heading a drive to better the water conditions in Russell City. When youngsters can't get an after-school drink of water without danger of infection, the situation is DESPERATE. Here's a hand to Mrs. Mette for a sustained and tireless effort for such a worthy cause.

SOMETHING TO WAIT FOR

Sorry, Mr. Barker, we didn't get your very thoughtful and well-written piece about 'love" in the paper this week. We'll save it until we have space enough to use it in its entirety. It spoils it to omit any of it.

I'm in accord with Bishop Block who said to you once, "George, how do you do it?"

SPECIAL AWARD TO CRANE GARAGE

The Crane Garage in Niles on Tuesday received official recognition for advancing the automotive knowledge of its service personnel under the Chrysler Corporation Master Technicians' Service plan.

The plan uses modern instructional methods to teach mechanics in dealerships the fundamentals of engineering principles. Under it, each dealership operates a factory-designed school for mechanics, using slide films and other visual aids to demonstrate proper service methods.

Clarence B. Crane, owner-operator of the local garage, was awarded a plaque from the De-Soto-Plymouth home office certifying that three members of his service department have completed a year of participation in the school conducted here.

Crane converted his building into a school when classes were scheduled and assumed the role of instructor. The local firm is among the first automobile dealers to use these advanced training methods.

Each course, prepared by factory experts, is designed along the lines of the "tell, show, and do" presentation of a basic service problem. Instrumental materials supplied by the Chrysler Corporation include sound slide films, large blow-up charts, handbooks and lesson plates.

POCAHONTAS NEWS

An informal party was held on September 7 honoring Pocahontas' outgoing Great Deputy Pocahontas Mable Hopkins, and her replacement, Ruth Arlett, in their Niles meeting hall.

Both ladies received beautiful gifts.

Behind each of their chairs was hung a clever face silhouette, done by Harriet Kaiser.

Refreshments of home-made cakes and coffee were served on tables decorated with lovely flowers.

The next official meeting of the group will be September 21, at 8 p.m.

Primitive man believed that liver was the seat of life.

HILLS FULL OF LIONS SUNDAY

The annual Lions Club picnic, for members and their families, was held Sunday in Stoney Brook Park and, according to all reports, was a "bang-up" success.

Col. Gene Manning was the generalissimo of the affair, but was capably assisted by a large corps of lieutenants. Dinner was served to the 175 present by 174 "chefs."

Lee Williams won much praise for his coffee-making. What most guests didn't know was that Lee went to the park on Saturday and ran off a "trial batch" just to perfect his technique. LeRoy Broun and Jim Logan presided at the barbecue pit, carefully and skillfully reducing each steak to a crunchy tidbit.

A place doing business under the title of "Harry's Place" proved to be the most entertaining and lucrative. Wearing the green eyeshades were Harry Weber and Len Miller. Mike Sabina, A. E. Alameda and J. I. MacGregor presided at the bingo game.

Ralph Goodwin, Jim Collins and Anker Christensen headed the thirst-quencher department.

SCOUTS TO HOLD EXPANSION MEET

A plan to add more Cub Packs, Scout Troops and Explorer Posts in Southern Alameda County was developed this week at a meeting of key District Scout leaders of the Oakland Area Council held at the office in Oakland.

Albert Atwood, Harold Mefford and Don MacDougal represented the Southern District at the meeting. The plan is called a "Together Plan." Organizations interested in sponsoring parts of the Scouting program will be brought together at one big meeting so that concentrated efforts can be applied to unit organization steps.

The plan was developed to meet the need of organizing many new units because of the increase in boys eligible for Scouting as a result of the lowering of age requirements.

DIES IN DECOTO

Selza Agundez, 60, a native of Mexico and a resident of Decoto for 20 years, was given final rites from the Chapel of the Palms in Centerville this week.

Mass was said at the Corpus Christi Church in Niles, and interment followed at the Holy Ghost Cemetery in Centerville. Several children survive.

"I heard that Sue is married, do you know if it's true?"

"No, I wonder what her new name is."

Brides-to-be, you owe it to your friends to tell them the happy news first-hand; don't let them "wonder what your name is now!" And they want to know when and where the event took place.

IRVINGTON ASKS PARALLEL PARKING

A move to enforce parallel parking throughout the entire community of Irvington was inaugurated Tuesday by the Chamber of Commerce at a luncheon meeting held at Roethlin's Cafe.

A wreck this week in the business section brought up a discussion of the method of parking and the members were in accord that the angle parking system now in effect does not leave adequate space for two lanes of traffic and results in a hazard from cars backing into the path of approaching machines.

Secretary Frank Mayer was instructed to write to Wallace Boggs, county surveyor, asking for his assistance in outlining parallel parking street marks through the business section.

Jack Holland, contractor, announced to the group that he had encountered considerable difficulty in getting the Alameda County Water District to connect new homes to their system and thus many new residents were being delayed from moving into the community. The Chamber members voted to send a letter to the Water District asking that the situation be given their immediate attention.

NILES CONTRACTOR FILES BANKRUPTCY

Clarence L. Payton, Niles contractor, filed a petition in bankruptcy September 12. His debts were listed as $38,323.12; his assets as $30,228.59.

BROADWAY HIT IN SAN JOSE TOMORROW

"High Button Shoes," the Broadway musical which for two years kept New York laughing, will play a matinee and an evening performance in the civic auditorium, San Jose, tomorrow, September 17. The matinee will begin at 2:30 sharp, the evening show at 8:30. Eddie Foy Jr., who was recently the San Francisco light opera star of "Red Mill" and "Rose Marie," heads the large company of singers and dancers. Eddie Foy is rated as one of the cleverest song and dance men on the musical comedy stage.

Set in 1913 in the days of the Model T, Eddie Foy brings his full size Model T right onto the stage, with a bevy of beautiful girls with him. Song hits include "There's Nothing Like a Model T," 'Next to Texas, I Love You," "Papa, Won't You Dance with Me," and many others.

Answering promptly—giving others a full minute to answer her call—are first on Janie's list of aids to service.

How Janie helps herself to better service

1. "Allowing a little time between calls," says Janie, "gives others a chance to call me . . . and it's a nice party-line courtesy, too." So when she's getting the gang together for a picnic, or for any reason needs to make calls in a row, she waits several minutes between each one. "It's simple to make friends with others on our line. I just use the telephone the way I like them to."

2. Looking up numbers, Janie knows, is really important. "So easy to get them mixed up," she explains. "Why, I was just sure Babs' number was 8145 . . . but when I called her I got the drug store. Turned out her number was 8415. So unless I'm really sure of a number, I'm going to look it up in the telephone book." That's a good tip for all of us—teen-agers and grown-ups.

3. Getting the most from the telephone—and helping others get better service—depends in part on every telephone user. Facilities have doubled in the West in ten years. Your telephone is today one of your most valuable servants . . . saving time, saving steps. And it still does its job for just a few pennies a call.

BANK PROMOTION FOR ROWAN HENRY

The appointment of Rowan Henry, Irvington, as chief clerk in charge of operations at the branch of the Central Bank to open in Hayward on October 15 was announced this week.

Henry, a teller at the Central Bank in Irvington since 1946, has been prominent in civic groups in the township during his residence here. At the present time he is president of the Irvington Chamber of Commerce and secretary of the Lady of Fatima Council, Y.M.I., Mission San Jose.

He began work with the Central Bank in Oakland in 1941 and a year later entered the Navy. In 1946 he was discharged from the service with the rank of Signalman Second Class and was assigned to the bank at Alvarado as a teller. Two months later he was transferred to Irvington and has remained there until the current promotion.

Carl Christensen, manager of the Irvington branch, said this week that Mrs. Helen Drummond of Irvington has been employed as a bookkeeper at the bank.

After the business of the meeting had been transacted, a musical program was presented by Douglas Mayock, son of a member, Mrs. Ann Mayock. He gave several vocal selections, accompanied by Mrs. Dwight Thornburg.

AFRO CUBAN REVUE PLAYS AT GEARY

The famous "Afro Cuban Revue," new musical show direct from Havana, opens a three weeks engagement at the Geary Theatre, San Francisco, Sunday evening, September 18, featuring Canelina, Oscar Lopez, Tondelayo, Isaura, Conchita, Litico, Anita, Delpino, Beba, Kilowat, Mercedita, the Mambo Dancers, Tropicana drummers and "Las Mulatas de Fuego" (fiery mulatas), Havana's most beautiful girls. Jose Urfe directs the company and orchestra of 40.

Mambo, rumba, afro, conga, atomo, nanigo, mula, chango, santo, pato pasqual and other native dances of Cuba are introduced, all magnificently costumed in authentic style. "Maraquero," "Mamboana," "Lucumi," "Las Trompetas," "Arrim eta Carinito," "Una Kiradita" and other new songs are featured, along with "Mama Inez," "Siboney," "Tabu," "El Manisero," "Karabali" and other favorites popular in previous years.

Produced by Bridgida Rivalta, the "Afro Cuban Revue" followed "Cabalgata" at the Teatro Marti, Havana, last year. After six months in the Cuban capital, the show played four months at the Follies, Mexico City, and one month each in Panama, Caracas, Trinidad and Jamaica, and then returned to Havana for a repeat engagement. Following the west coast tour, this attraction goes to New York.

B-29 CRASHES NEAR WARM SPRINGS; 12 LEAP TO SAFETY

Residents of the Warm Springs area were provided a thrilling air spectacle about noon Monday as 12 crewmen of a giant B-29 Air Force bomber parachuted to safety minutes before the flaming superfort crashed into the mountainside near the Alameda County line.

The large plane left the Fairfield Air Base at 11:29 and thirty minutes later, at an altitude of 10,000 feet, one of the four engines caught fire. The pilot, Captain Charles A. Grice, 26, of Nashville, Tenn., gave the order to abandon ship as the plane approached Milpitas on a northeastern course. Capt. Grice stayed at the controls of the disabled ship, heading it for an uninhabited section of open country before leaping.

The abandoned plane struck the crest of the hilltops just south of Monument Peak and disintegrated, starting a grass fire that burned several hundred acres before fire crews could bring it under control.

The 12 crewmen, all uninjured, with the exception of Lt. Melburn Jones of Chicago, the co-pilot, who sustained back injuries when he struck the ground, congregated at the Santa Clara Alms House south of Milpitas to await transportation back to their home base.

FIND STOLEN SAFE IN FIELD HERE

It could be coincidence, but it would appear more likely that the bandits who stole a safe from the Pacific Gas and Electric sub-station office at Sonoma last Tuesday night had a twisted sense of humor.

The looted P. G. & E. safe was found beside a stolen P. G. & E. truck early Wednesday morning along P. G. & E. Road near the P. G. & E. substation here.

A. E. Alameda. Irvington, discovered the abandoned truck and battered safe in a tomato field and called officers. Sonoma police and company officials were unaware of the burglary until recovery of the safe and truck here.

The safe had been removed from the truck and battered open. Bank books, records, and approximately $900 in checks were left in the safe but an undetermined amount of cash, representing the previous day's receipts, was missing.

Officers found tire tracks in the field, indicating that another vehicle had been used for a getaway after the safe had been transported here on the stolen truck.

REBEKAH NEWS
